COMES NOW, Respondent, Emelike Nwosuocha moves this Court not to find him in contempt because has not been able to find employment even for document review. I was surprised when the companies indicated that they cannot employ me unless I was licensed. I indicated to them that when I worked with Huron/Synergy some lawyers worked with us were not licensed and also from other countries who worked with me only with their degrees from other countries. I tried to reach Ms. Falcone but to no avail. I then tried to reach Ms. Zavitz but could not be able to. I called many times for Ms. Falcone and finally transferred my call to Mr. Alan Anthony Pascal who was of great help and gave me the phone number for Lisa Chason who advised that I can find a way to make partial payments until paid off. And that the Court may not consider my petition until the costs are paid off.

As regards my affidavit, I dropped all my clients and advised them that I was suspended. My only problem then was my trust account which Wells Fargo said did not see me as the signatory when I have been the only signatory for over ten years. We got the issue resolved and I was able to close the account.

**WHEREFORE**, Respondent, respectfully prays that (i) this Court do not find him in contempt and that he will make the necessary effort to pay the Court costs because he is diligently searching for employment.

Respectfully  
Submitted,
