Received, Clerk, Supreme Court

MAY 26 2023

STATEMENT OF THE CASE AND FACTS

In August of 2004 Attorney Laura Diane Siemers represented this petitioner in a criminal matter. This petitioner has filed multiple complaints against this attorney for misconduct and most recently discovering that she suffered mental illnesses during multiple felony trials including this petitioners. The problems started to arise from prior to this petitioners jury trial. In which Mrs.Siemers came and saw the petitioner in the jail and told the petitioner that you are guilty you will go away and you will get the maximum time and SHOT THE MIDDLE AT THE PETITIONER AND CUSSSED HIM OUT. Not very professional. However unknown to this petitioner at the time. Mrs Siemers apparently was suffering from a mental illness. After serving the entire prison sentence this petitioner has discovered even more evidence that not only would disqualify Mrs. Siemers from representing him during any trial there is sufficient evidence to disbar Mrs. Siemers from any type of future law practice to protect the rights of any criminal defendant. This will be discussed in further detail and by way of exhibits. The Florida Bar has utterly refused to enforce and comply with its own rules and regulations thus prompting this Mandamus to be execute.

NATURE OF RELIEF SOUGHT

This petitioner is seeking this Honorable Court to Issue a Writ of Mandamus compelling the Florida Bar to disbar Attorney Laura D Siemers and to grant any other relief sought.

ARGUMENT

This argument is somewhat complex in Nature but is very important as there is an overwhelming amount of evidence to support this mandamus request. First we must address the following facts. In 2004 this petitioner was represented by the Attorney Laura D Siemers. Prior to this petitioners trial Mrs Siemers became agitated and became unprofessional by Shooting her middle finger at the petitioner and calling him a “Fucking idiot”. (See Exhibit A). Mrs. Siemers seemed unwilling to withdraw herself as counsel but rather thought it would be best to proceed and cause the petitioner more harm. A Complaint was filed with the Florida Bar at that time and nothing Happened from it. Upon the release of this petitioner he filed another complaint against this attorney. (See Exhibit B). After further investigation into Mrs. Siemers it appears that this Honorable Court Has sanctioned Mrs. Siemers on April 13th 2017 In Case No SC17-532. However this Court was not made aware of Mrs. Siemers Mental Health Conditions and that she suffers from Bipolar Disorder. In a Sworn Affidavit (See Exhibit C redacted) This Court Can

clearly see Mrs. Siemers is very dangerous to her clients she represents. In an unpublished opinion Sherri Renner Vs The Florida Bar 11th Cir. The court upheld the disbarment of Attorney Renner for failing to comply with maintaining her Mental Health Treatment as part of her acceptance to the Florida Bar. also citing The Florida Bar vs Polk 126 so3d 240 (Fla 2013). Rule 4-1.16 states A lawyer must decline or terminate representation if the lawyers physical and mental condition impairs the lawyers ability to represent the client. In this case Mrs. Siemers knowingly with reckless disregard kept her illness from the Florida Bar and also caused severe harm to multiple clients including this petitioner. The Florida Bar has been made aware of these facts and still continues to allow Mrs Siemers to Practice Law thus creating more Harm to criminal Defendants. When reading the Affidavit thus admitting in her own words. Line 11 "I BELIEVE THAT MY MANIC MENTAL STATE RESULTED IN PSYCHOTIC DELUSIONS AND BEHAVIOR WHICH RENDERED ME UNABLE TO PROVIDE EFFECTIVE ASSISTANCE OF COUNSEL." In furtherance of this She also stated that on line 6 " I WAS A GENIUS WHO WOULD DEFINITELY WIN THE TRIAL WITH LITTLE TIME TO PREPARE." This Affidavit speaks solely on its own that this Attorney should not only be disbarred but banned from practicing law. The severe consequences and damage she has done to clients over the years is irreparable harm cause by Lack of experience as set forth in Kinsella 260 so.3d1046

(Fla2018). And her mental illness. It is also noteworthy here that Mrs.Siemers has also been disbarred from Practicing law in New York (See Exhibit D) and in California (See Exhibit E) for failing to follow rules and regulations there as well.

Based on the Facts Presented and the supporting Documents this Petitioner moves this Honorable Court to Issue a Writ of Mandamus and Issue an Order to the .The Florida Bar to disqualify Attorney Laura D Siemers.
