The Bay County Health System LLC counsel have made contradictory statements and the defense attorney have done fraud upon the court and filed the personal information matters with the court requiring the Judges Order to stop there is also new evidence that needs to introduced. As well the defendants still retain personal stolen information of Plaintiffs.

In conclusion, Plaintiff is basically a victim and the Florida Rules of Appellate Procedure outline in Rule 9.143(c), "(c) **Assertion of Victim's Rights**. A victim seeking to invoke a right under article I, section 16, of the Florida Constitution may file a motion in the court in which the matter is pending." Plaintiff has done this this day with two other filings. Now also filing a Notice of Appeal on the 30th day since the hearing. Plaintiff will be filing a typed copy of the hearing from the video of the hearing as a "transcript."

Plaintiff is unsure how this appeal process works, if it isn't until the 30th day or is it after the later rehearing, and so Plaintiff retains the right to revoke this and also requestes a 90 days extension to file a brief. All rights reserved.

Plaintiff swears that this information is true and correct and files it with the clerk of the Bay County court.
