

IN THE Fourth District Court of Appeal

CASE NUMBER 4D2024-1164

Kings Point Community Association

Plaintiff (s)

v.

Sylvia Caravetta

Defendant Pro Se

Motion To Withdraw Voluntary Dismissal

I want to withdraw my motion for voluntary dismissal.

On May 20, I emailed Mr. Abruzzo and Robbins in the lower tribunal asking what is taking so long with my indigent application which had been forwarded to them almost two weeks ago at that time. Neither answered me.

About an hour later, the approval for the indigent application was uploaded to the docket for the lower tribunal, which I have just discovered.

I was not served and never knew about it until today when I went to the ecaseview website and looked at the docket for KPRC v Caravetta.

I do not understand why I was never personally advised that my indigent application was approved however I believe someone should look into this because I wasted my time and the clock continued to run on this case but I could do nothing due to not being declared indigent. I was never served or received any email in this matter.

Respectfully Submitted,
